Digital Edu Skills Handbook

AVAILABLE IN

**GoBeEco –
Gamification of eco-friendly
habits in adult education**

👉 The Handbook enable teachers/trainers to implement digital and ecological skills in their curricula.

👉 The proposed curriculum plan is not only about knowledge development, but mainly about encouraging adult learners to actively seek knowledge.

👉 The Handbook contains a library of examples, ideas, best practices and digital tools available online for developing pro-ecological habits.

Digital Edu Skills Handbook News

The project team is very proud to present the finalised Digital Edu Skills Handbook to all interested parties. The handbook is available in four languages.

You are working in the field of adult education and looking for innovative teaching methods? You want to introduce the topic of sustainability into your curriculum and need inspiration for this? You want new input for your work as a trainer?

Then you will find exactly these topics compiled in a compact and appealing way in the GoBeEco Handbook.

Digital Edu Skills Handbook Goals

By working with the handbook, educators can:

- Enhance their skills in designing sustainability education activities with digital tools
- Access tailor-made methods with digital resource-based curricula
- Improve the eco skills of their learners and themselves
- Enhance their digital competences
- Break old behavioural patterns and integrate more eco-friendly attitudes and habits
- Inspire their learners to live more sustainably
- Promote education for sustainable development.
